## Benjamin's Lost Bunny

Benjamin was feeling a little sad. He lost his favorite stuffed animal. He couldn't find his bunny anywhere. He decided to go check all the places he had been that day.

First, he checked the backyard where he had played. No, he didn't find his bunny there. Then, he looked in his sister's room. He didn't find his bunny there either. Lastly, he searched his bedroom one more time. He looked under the bed. There was his bunny! It must have fallen off his bed when he was sleeping. He grabbed his favorite bunny and hugged him tight. Benjamin smiled with joy.
